

3 August 1978

STATINTL NOTE TO: [REDACTED]  
STATINTL FROM: [REDACTED]  
SUBJECT: DDA Records Over 20 Years Old

STATINTL On 2 August I again discussed the question of DDA records over 20  
years old with [REDACTED] She informed me that of the 600 cubic  
feet of DDA records determined so far to be permanent, approximately  
40% (c. 256 cubic feet) cover the years 1947-1957. She added that  
STATINTL some of these determinations are to be reviewed [REDACTED] If you  
wish, you might want to add the approximately 30 feet of O/DDA records  
on which I have been working to the total. An approximation of 300  
cubic feet might be close enough.

2 August 1978

STATINTL NOTE TO: [REDACTED]  
STATINTL FROM: [REDACTED]  
SUBJECT: ODCI Records Over 20 Years In Age

STATINTL On 2 August, [REDACTED] of the DCI Registry provided me with the following statistics on the quantity of records over 20 years old. The figures are approximations and they are computed on the basis of one cubic foot equalling one record center carton.

Executive Registry:	140	cubic	feet
Office of General Counsel:	36	"	"
Office of the Legislative Counsel:	6	"	"
Public Affairs:	21	"	"
Comptroller:	45	"	"
Audit Staff:	6	"	"
Inspector General:	<u>6</u>	"	"
TOTAL			260 cubic feet
